**Subject:** [EXTERNAL]Meat Processing Date for the Website  
**Importance:** High

CAUTION: External Email. Do not click links or open attachments unless verified. For all suspicious emails, please use the Phish Alert Button to submit for review. Thank you!

Hi all,

I've been requested to provide a listing of the meat processing plants with current outbreaks for the public website. (Don't shoot the messenger!)

Please review the table below and let me know if you want any changes. Please make sure I have the name of the facility correct and make sure the case count jibes with what you have.

I'd appreciate a response by noon today - either your edits or an "OK"

Just a heads-up that I believe this request will be repeated twice a week - on Tues and Fri.

Thanks once again.

| Facility                     | FacilityCounty | Facility Type     | Lab-Confirmed Cases | Deaths |
|------------------------------|----------------|-------------------|---------------------|--------|
| Mountaire                    | Chatham        | Poultry           | 153                 | 0      |
