To: Miltenberger, Matt <matt.miltenberger@nebraska.gov>; Carlson, Doug <Doug.Carlson@nebraska.gov>; Quintana-Zinn, Felicia <Felicia.Quintana-Zinn@nebraska.gov>; Newmyer, Ashley <Ashley.Newmyer@nebraska.gov>; Anthone, Gary <Gary.Anthone@nebraska.gov>; Sergeant, Eric <Eric.Sergeant@nebraska.gov>

We have a designated team (strike team) for executive discretion. We could use this team for meat packing facilities and LTCs. If the demand exceeds capacity, we could look at partnerships with local and regional health systems.

Subject: RE: Testing Schedule

One other testing item. Iowa is testing all workers at long-term care facilities in areas where they have packing plants. They've found that a large percentage of the workers at packing plants have family members who work at the long-term care facilities. The Governor asked that we start a similar plan.

Subject: Testing Schedule

Team,

Attached is the new testing schedule. We provided the testing team with the below guidance to assist in developing the schedule for the next few weeks. They coordinated with the NE Guard in developing the schedule.

- A team dedicated to Test NE
- Designated strike team (hot spots, emergent and executive directed)
- 4 teams assigned by 4 regions (NE Office of Emergency Health Systems attached)
- Priority cities within those regions (attached)
- Flexibility in scheduling based on needs with LPHDs

I am working on a broader testing plan this weekend that will be a more comprehensive, transitioning plan inclusive of Test NE and engaging LPHDs.

Thanks
